PROFILE

Aspiring Front-End Developer seeking an entry-level position to leverage skills in JavaScript, CSS, Bootstrap, and HTML. Eager to contribute to a dynamic development team by creating responsive and visually appealing web applications. Committed to continuous learning and staying updated with the latest industry trends.

PROJECTS

Online Food Order Website

I developed an innovative online food ordering platform using the MERN Stack, featuring a polished and responsive front-end design achieved through HTML, CSS, and Bootstrap. The platform enables seamless browsing and ordering for users, with real-time updates on order status and secure payment gateways enhancing the customer experience. Additionally, it supports contactless saline level monitoring, emphasizing its adaptability and relevance in today's market.

E-Commerce Website

I developed Shop ease, an e-commerce website using the MERN Stack, featuring a sleek and responsive front-end with HTML, CSS, and Bootstrap. The platform enables easy product browsing, real-time inventory updates, and secure payment gateways to enhance the customer experience.

CERTIFICATIONS

Full stack Development (MERNStack)

Completed a certified course in 2024, gaining expertise in building responsive and dynamic web applications using Mongo DB, Express.js, React.js, and Node.js.

JavaScript Mini-Projects

Developed a to-do list, calculator, and digital clock. Demonstrated proficiency in essential programming skills.
